Fersa Group

Your partner in the field

Fersa Group is an international bearing manufacturer for industrial, automotive and agricultural applications.

It gathers three brands: Fersa Bearings, NKE Bearings and A&S Bearings. Together we have more than 80 years of experience in design, production and distribution of high quality bearings. We have the perfect solution to fulfill your needs and exceed your expectations.

Fersa
Bearings

NKE
BEARINGS

A&S
Automotive Solutions

Multinational Presence +100 countries

The group is present in the five continents with four state-of-the-art manufacturing plants, eight logistic centers as well as four R&D facilities, two in Europe and two in Asia. We have local presence in more than 100 countries.

Agricultural Value

Built to last

Robust and reliable bearing solutions for long-lasting operation of your agricultural machinery.

The best warranty for your investment

Contamination, moisture, vibration and shock loads are just some of the factors which agricultural components have to deal with, bringing considerable challenges for all mechanical parts. The quality of our products meets the highest European Standards and guarantees the best performance in your applications.

Expert technical knowledge

Expert technicians in the field.

Crossed references with OEM's and competitors.

Proved OEM Expertise.

Market Fit

Specific products adapted to any application of each market.

Tractor

P6X Bearings

Restricted tolerances for the highest precision

Advantages:

- Restricted tolerances in height.
 - ⊖ Assembly Time
 - ⊕ Accuracy

31312 F P6X

32220 F P6X

32222 F P6X

Bearing Clutch

High performance for the highest efficiency

Advantages:

- Self-aligning types of ball bearings
- Reduced vibration
- Long lasting products

F 15140

F 15141

F 18040

Bearings for Drivetrain

We have gained the trust of the main axle manufacturers worldwide

Gearbox

Advantages:

- Wide range of tapered roller bearings, ball bearings and needle bearings for both standard and special series.
- ZF OEM supplier.
- Bespoke solutions to meet your needs.

AGCO, ZF Gearbox 3MD30

Differential

Advantages:

- Wide range of tapered and cylindrical roller bearings.
- High performance bearings, with restricted tolerances.
- Pinion bearings specialists

Valtra Differential

John Deere Harvester

+ more items on our website

Wheel end hubs

OEM quality in the field

Advantages:

- Quick assembly
- Greased for life
- Axial clearance factory pre-set
- Maintenance free

F 15100
F 15125
F 15434

Agri units for disc harrows

Robust solution for all soil types

Advantages:

- High carrying capacity and high performance within compact dimensions.
- Preloaded for stability.
- High quality grease and multiple sealing layers for increased longevity.
- Ready to mount and maintenance free.
- Special coating for increased corrosion resistance.
- Adaptable to customer requirements.

ACB0600 SERIES

Bearings for rotary harrows

For the finest work in rocky and hard soils

Advantages with deep groove ball bearings:

Wide range of products available. Custom made types with improved seal performance (heavy duty seal, felt rings, etc.), sophisticated grease for agricultural applications and additional geometric features available on request. Ready to mount, no setting required.

6.000 SERIES

Advantage with tapered roller bearings:

- Wide range of metric and inch tapers.
- Bearings withstand combined loads (axial and radial).
- Easy installation, separable bearing.

30.000 SERIES

Agri units for seeding disc solutions

Our Maintenance-free solution for high carrying capacity

Advantages:

- High carrying capacity within compact dimensions.
- Preloaded and ready to mount.
- Low friction ensures proper disc rotation
- Pregreased and maintenance free.
- Special coating for increased corrosion resistance.
- Adaptable to customer requirements.

ACB0300 SERIES

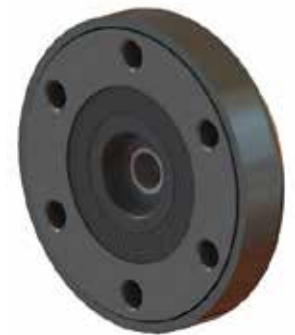

Agri units for mechanical weed control

Stop the growth of grasses and weeds

Advantages:

- High carrying capacity within compact dimensions.
- Preloaded and ready to mount.
- Low friction ensures proper disc rotation
- Pregreased and maintenance free.
- Special coating for increased corrosion resistance.
- Adaptable to customer requirements.

ACB0415

Housing units

The best performance under any circumstance

Advantages:

- Various flange designs.
- 3 lips sealing + protective cap.
- 2 options: Re-greaseable/non re-greaseable.
- Heavy duty-high tensile strength housing material on request.

Insert bearings

Safety and durability guarantee

Advantages:

- Lubrication holes and Groove in the outer ring that helps lubrication in the final application.
- Triple lip seals to protect the bearing and extend its life.
- Restricted tolerances bearings for optimal installation.
