BETEX SLF 302

- Benchtop model, heating capacity up to 100 kg
- With swivel arm and 2 yokes included
- Double temperature measurement ΔT
- Touchscreen with clear graph
- Log function and export to USB stick
- Create proof of work report
- Stress-free heating

ΔT

For more control and stress-free mounting

Thanks to the ΔT monitoring, it is possible to measure the internal and external temperature of a workpiece with 2 temperature probes. Thus the maximum preset temperature difference between 2 points can never be exceeded. This achieves even and uniform heating and prevents material stress.

**Log function and export to
USB stick**

**Recommended horizontal
heating position**

Ergonomic swivel arm
